

**Southwest Regional Partnership on Carbon Sequestration
Phase II**

Final Annual Meeting

**September 21 – 22, 2010: Hilton Garden Inn Albuquerque Airport Hotel
2601 Yale Boulevard SE, Albuquerque, NM**

Each presentation is to emphasize results, conclusions, and any work that should be done for this aspect of the project to be complete, with an opportunity for members of the SWP to critically discuss this work. Final reports for Phase II should be complete or very near to completion; thus presentations should be summarizing the final results.

7:00 am – 8:00 am: Registration and BREAKFAST at Hilton Garden Inn

8:00 am – 8:20 am: Welcome, Introduction and Overview

Major Task 1: Aneth EOR

8:20 am – 8:45 am: Overview, Microseismic, Tracer Studies: Jim Rutledge (LANL)

8:45 am – 9:15 am: Surface and Subsurface Geological Characterization of the Aneth Unit: Tom Chidsey (UGS)

9:15 am – 9:35 am: Reservoir Flow Model: Chuan Lu (UU)

9:35 am – 9:55 am: Time-Lapse VSP: Lianjie Huang (LANL)

9:55 am – 10:15 am: Potential Flux Monitoring: Yuji Nishi (AIST Japan)

10:15 am – 10:30 am: BREAK

10:30 am – 10:50 am: Tracer Study: Pete Rose (UU/EGI)

10:50 am – 11:05 am: Soil Flux at Aneth and SACROC: Lee Harris (NMT/PRRC)

11:05 am – 11:30 am: Aneth Project wrap up

11:45 pm – 1:00 pm: LUNCH

Major Task 3: San Juan Basin ECBM

1:00 pm – 1:30 pm: Introduction: Karine Schepers (ARI)

1:30 pm – 2:00 pm: Pump Canyon Petrophysics: Marcia Coueslan (Schlumberger)

2:00 pm – 2:30 pm: Multi-Scale Assessment of Caprock: Jason Heath (SNL)

2:30 pm – 3:00 pm: Monitoring and Gas Composition Sampling: Ning Liu (PRRC/NMT)

3:00 pm – 3:30 pm: BREAK

3:30 pm – 3:50 pm: Surface Deformation: Kirk Trujillo (Pinnacle)

3:50 pm – 4:20 pm: Soil Flux and Tracers: Art Wells (NETL)

4:20 pm – 4:40 pm: Desalination: Allan R. Sattler (SNL)

4:40 pm – 5:00 pm: Pump Canyon: Site Closer and the Operators Perspective: Bill Akwari (COP)

4:40 pm – 5:00 pm: Open Discussion

5:30 pm: DINNER on your own

Wednesday, September 22, 2010

7:00 am – 8:00 am: BREAKFAST at Hilton Garden Inn

Major Task 2: SACROC EOR Pilot

8:00 am – 8:50 am: SACROC Introduction & Groundwater Results: Katherine Romanak (UT/BEG)

8:50 am – 9:40 am: SACROC Geophysics: Lianjie Huang, (LANL)

9:40 am – 10:00 am: SACROC Project wrap up

10:00 am - 10:30 am: BREAK

Major Tasks 4 & 5: San Juan Basin and Regional Terrestrial Sequestration Pilots

10:30 am – 11:10 am: Riparian Restoration Project and Regional Terrestrial Sequestration: Steven Hockett (TAMU)

11:10 am – 11:25 am: A. Water Samples and B. Breakthrough pressures: Liangxiong Li (PRRC /NMT)

Major Task 6: Outreach; Inter-task Items

11:25 am – 11:55 am: Outreach: Andrea Feldpausch-Parker (TAES)

11:55 am – 12:15 pm: Outreach: Pamela Tomski

12:15 pm – 1:15 pm: LUNCH

1:15 pm – 1:45 pm: Regional Training Initiative: Andy Campbell or Pete Mozley (NMT)

1:45 pm – 2:00 pm: CO₂ - Brine Relative Permeabilities: Ning Liu (PRRC/NMT)

2:00 pm – 2:30 pm: Risk: David J. Borns (SNL)

2:30 pm – 3:00 pm: Integration: Brian McPherson (UU/EGI)

3:00 pm – 3:30 pm: BREAK

3:30 pm – 4:00 pm: PHASE III Overview and Status: Brian McPherson (UU/EGI) and Reid Grigg (PRRC/NMT)
